### KSDAR SCHOLARSHIPS

Kansas DAR offers two scholarships for the 2021-2022 school year: the Judd Smith Brooks Scholarship and the KSDAR Scholarship. Applications for the two scholarships can be submitted between August 1, 2021 and February 1, 2022. Check the instructions and the application for each one.

A Kansas DAR scholarship shall be awarded annually to a high school senior with proven DAR Lineage. Sponsorship by a chapter is recommended. Applicant must attend a two year or four Year accredited college or university in the fall after receiving the award. Four written references are required. The scholarship is a one- time award of \$1500.00.

The Judd Smith Brooks Scholarship will be awarded annually to a male student in an accredited high school. A letter from a DAR Chapter is recommended. Four written references are required. The scholarship winner must attend an accredited college or university in the fall of 2021. Applicant must show proof of eligibility from a proven line including the NSDAR number. The scholarship amount is \$1,000.00.

A chapter chair or state chair may work with the applicant to put the information together to send to the DAR Scholarship Committee. When applying, you can list "undecided" on the application since you may be applying before acceptance to a particular college or university. Awards are placed on deposit with the college or university selected by the student over the summer before the entering semester. The DAR Scholarship committee does not process DAR Good Citizen, American Indian, or DAR Schools.

### NSDAR SCHOLARSHIPS

If you have a specific question about one of the national scholarships, please contact the National Vice Chair responsible for that scholarship. The email addresses for all National Vice Chairs are located on both the members only web site and the public web sites ([dar.org](http://dar.org)) found on the DAR Scholarship pages.

Once a student has set up their on line scholarship profile, individuals and schools will be able to provide recommendations and other confidential information such as transcripts using the on-line portal. All information must be loaded directly into the student's application.
