**REMINDERS:**

- Know the deadlines specific to your committee.
- Get a list of all the chapter chairs in KS and open the lines of communication with them. Stay in touch.
- Consider putting short articles in the CyberSunflower announcing deadlines, contests, etc.
- Every state chair of a National committee will receive access to the CMR (Chapter Master Report) section of e-membership after February 1, so that you can access all the reports of every chapter in the state. You will compile the data and send it to the South Central Division Vice Chair by the deadline set by that chair.
- 200 word written report is to be emailed to the State Recording Secretary/State Regent before the start of the State meeting – watch for that date.
- Prepare a 2 minute oral report to be given at the State Conference.
- Submit requested certificates to the State Corresponding Secretary by date requested.
- Check FaceBook as many of the National Committees have a page and you can find lots of information and share information across the organization.
- Feel free to use the National Theme, Rise and Shine for America and the state theme, Welcome Home in your literature.
