# **Chapter Development & Revitalization**

The mission of Chapter Development and Revitalization is to help chapters reach their goals. We bring together the talents of Lineage Research, Volunteer Genealogists, Membership Committees and Leadership Training to tailor-make a plan for your chapter. We offer the tools you need to attract new members, retain current members and keep your chapter healthy and vibrant.

### Attract new members by being visible:

Get involved in community events
Partner with local schools on projects and events
Submit articles to your local newspaper including
chapter pictures
Schedule a genealogy workshop (available on Zoom)
Celebrating Commemorative Events
Giving Community Awards

#### **Inspire** your members by spotlighting them:

Acknowledging those who do the work
Rotating chapter officers
Interacting with other chapters
Schedule regular meetings & keep them brief
Reaching out to members with a chapter newsletter
Offering exciting programs that include interaction

## Mentor your members by educating them:

Providing New Member Orientation Educating members about the KSDAR/NSDAR websites Encourage participation in DAR Training modules
